- a. All items sold at the Smoketown Shelby Park Farmers' Market must be locally grown. Vendors must grow all of the produce they sell unless another member of the market grows the products. No commercial produce is allowed. Locally grown is defined as being produced in Kentucky or Southern Indiana.
- b. Resale items are allowed only when no other vendor is offering the product. The market board must approve the resale of select items on a case-by-case basis (items must be locally grown).
- c. Sellable items include: Locally grown and produced fruit, vegetables, value-added products such as honey, breads, jams, jellies and salsas, eggs, meats and flowers. Prepared food is subject to approval by the market board.

Attempts to intentionally undersell other producers will be reported to the board. Vendors are encouraged to discuss and agree on pricing with the help of the head farmer.
- e. Vendors are expected to clearly display prices for their products.
